Working for Clark Public Utilities for 35 years gives me great insight on how a public agency can be by the people, for the people and win 7 JD Powers awards in a row for quality. It is one of the finest in the country. It shows me that unions and management can live in harmony and provide superior customer service and power at a reasonable price compared to for profit utilities.

I have also learned about being able to raise a family and buy a home with a union job and the benefits a union provides. I would like to see my children Emily and Keenan able to prosper in our state like I have. As governor I will represent the people first and always and won't forget who I work for.

The environment, education, human rights, economic justice and freedoms that are important to Washingtonians are necessary to a future where we can all coexist and have a balance that has been lacking economically and socially. We have been sacrificing for too long so those few at the top can get a few more breaks that they don't need but have the political clout to get in our system.

As a 4th generation resident of our great state I will be honored to represent everyone. I have been motivated by recent events to get involved and show that because our country was built by normal everyday people that everyday people can still get involved in state government and make a difference!

Like thousands of Washingtonians, my parents were sacrificed on the altar of today's cancer medicine. Inspired to help similarly misguided patients, I mindfully litigated for many years in Washington and Federal jurisdictions to change outdated medical standards.

During the 2008 gubernatorial campaign, my holistic message was well received: "The best speaker of the evening - judging from audience reactions - was Christian Pierre Joubert who is running for Governor. His issues were health and prosperity but it was how he spoke to us that got us with him in just two minutes" (Northwest Citizen Journal).

On election day, i was surprised to see that my holistic platform emerged as the third political force of the State.

In 2012, i followed up with a better holistic program and publicly debated governor Jay Inslee (at Seattle's Stranger newspaper). The subsequent events showed that my program was the most relevant one.

However, Washington's mainstream media silenced my holistic program while the Republican-Democratic legislature unconstitutionally blocked the State's printed primary voters pamphlet funding. Likewise in 2016.

I was therefore inspired to create a new Consciousness movement, the Holistic Party, as a unifying tool to restore the People's wholeness, basic needs, informed consent & political sovereignty. As the Nation's first Holistic Governor, I would thus promote holistically-inspired executive orders, regulations and nominations that would reverse chronic stress, diseases, corruption, pollution, bureaucracy & plutocracy by over 80 percent within 4years, thanks to which the State will have enough resources to ensure equal access to wellbeing, prosperity & justice. We will also have enough funds to build a magnificent "New Era" Statue of Holistic Responsibility and to offer all Washingtonians a joyful one week "health-spa vacation" each year. See holisticparty.org for the evidence that supports Holistic Governance as the ultimate remedy to today's failed politics.

Amend the Washington Constitution: Prohibit any income tax on the bottom 90%. Require an income tax on the top 10%. Fully fund education. Establish single payer health care, eliminating deductibles, as Colorado is doing. Phase in a \$15 minimum wage. Capitalism must work for all. Eliminate traffic congestion: Take half the solo drivers off the roads, cut greenhouse gasses, with a statewide, UberX cell driven, ride sharing and door to door van service. Vans would carry you to and from home, transit centers, work, ferries, car rental, school, shopping, and soccer practice, connecting our disconnected, wasteful, transit system, making transit faster than driving. Price vans by the mile to break even. Vans will fill up, especially at night, will be more secure, will feed passengers to buses and trains, increasing ridership and revenues, freeing up money to complete light rail. A six passenger van equal five cars off the roads. Sell one car

and save \$724 per month. Owning a car will be optional. Enact a gasoline tax to complete light rail within six years. Establish a Washington State Bank, like the profitable North Dakota bank. Foment investment. Reduce the cost of bond borrowing. Make Washington an organic state. Ban salmon killing carcinogenic Roundup. Farmers will prosper selling organic products worldwide. Stop adding lead leaching, toxic waste fluoride filth to water. Ban mercury vaccines. Ban coal trains for littering mercury coal dust, oil trains as unreasonably dangerous. House the homeless, the right thing to do, cheaper than alternatives. Treat addiction as a health problem. Build gigabyte internet as Mount Vernon is doing. I am a green, progressive, New Deal Democrat, unlike the many elected Wall Street Democrats. My scientific and legal knowledge and goals are more important than my opponents' experience at maintaining the status quo.
